

CALSTONE

Because Quality Matters

Machine Operator
Gilroy, CA

Description:

Calstone has serviced Northern California with high-quality concrete masonry and landscaping products for more than 70 years. Established in 1947 in San Carlos, Calstone has four manufacturing/distribution facilities in operation, Galt, Gilroy, San Martin, and Tracy. These centralized manufacturing locations enable us to provide services to much of the state, going as far north as Eureka, and far South as Fresno, and as far East as Reno on a regular basis.

Calstone currently services customers with over 600 varieties and sizes of concrete masonry, landscaping products, and custom-made units meeting the specific needs of our clientele in both the retail trade and construction industries. At Calstone, we pride ourselves on our ability to constantly innovate new products to stay ahead in technological development. New equipment and new molds are frequently added, keeping ahead with improvements and design changes in the industry.

Duties and Responsibilities:

- Lead the production process in a high-speed industrial concrete products manufacturing plant. The machine operator is responsible for machine efficiency and product quality.
- Make mechanical adjustments and repairs as necessary on machinery using basic hand tools
- Document and communicate shift reports with supervisor
- Direct 2-3 laborers infrequently
- Work in a safe efficient manner at all times with or without supervision
- Follow all safety guidelines and set example for the rest of the team
- Able to work any shift, on any day, and overtime as necessary to carry out duties to be eligible for hire. Normal schedule is 5-6 days/week with 45-55 hours
- Attend all safety meetings

Qualifications:

- Minimum 3 years prior manufacturing experience
- Prior machine operator experience in a manufacturing production line environment
- Experience troubleshooting basic electrical and mechanical issues
- Welding/Gas Torch experience a plus
